

STATEMENT OF FACTS

On July 23, 2015, I notified National Casualty Company (NCC) a judgment had been obtained against their insured (Western Express, Inc) from a motor vehicle accident. (See Attached Demand and Insurance Cover Page). During the trial against NCC's insured I sent a demand for payment which was denied before the judgment entered on March 4, 2015. (See Attached). Several days after my July 2015 notice NCC responded that my letter was only recognized in their "closed record only claim." (See Attached) I do not agree. There is a duty to forward the any communications relevant within the company to the appropriate department. I seek full compensation for permanent injuries caused by NCC insured. (See Attached)

By law I am the beneficiary whom the attached policy applies regardless of the response offered. Due to your insured not meeting its financial obligations my past notice initiated claim process. Any correspondence to my policy limit claim should be forwarded to the contact information below.

Regards,

July 21, 2016
